**SANCTIONED**

Join us for a classic Dual Sport ride through the scenic Manistee National Forest in western Michigan. There are no hero sections on this ride, just beautiful remote and scenic forest roads, a couple spots of cycle trail and a bit of pavement to tie it all together.

This is a route sheet ride, there will be no sissy arrows on the course.

Michigan is sandy country, street legal knobby tires are strongly encouraged. This ride is aimed at DRZ400 class bikes, but all are welcome!

Participants can experience both days or just one.

Gas stations are located directly on the routes.

Street Legal bikes and riders only. 94db max strictly enforced.

*Send in this Preregistration Form or sign-up on our website, credit cards accepted online.*
